MadOut2 BigCityOnline - open-world racing from Russian developers. The place of action is our country. The graphics and physics are at a very high level. More than three dozen different cars and many locations, driving through which you will perform tasks and arrange crazy chases. The online mode will be added soon. It is quite demanding for hardware, so make sure that your device will pull it. Minimum requirements: 2 gigabytes of RAM and a Snapdragon 800 processor or higher. Tips: If you see a black screen, try disabling Color Correction. Is the game lagging? minimize the density of objects (Objects Density). ApkVision.com How to install MadOut2 BigCityOnline The directory to unpack the cache: /sdcard/Android/obb/4.24/5 (45 votes) You are a fan of epic racing games in the big open world and want to go anywhere, do whatever you want conveniently and quickly just on mobile. Which game should you choose for such a fast and fascinating experience? Well, no need to find anymore. Let me introduce to you MadOut2 BigCityOnline MOD APK. Introduce about MadOut2 BigCityOnline A super fun open-world racing game About MadOut2 BigCityOnline MadOut2 BigCityOnline is an open-world racing game. Not simply moving freely to any place on the map, players can also rob any car that appears on the road. Your task is to become an excellent racer. But this racer is very stubborn. By competing against other competitors and finding a hundred ways to eliminate opponents on each track, you will win at the round and get attractive rewards that are big money. With this money, you will upgrade vehicles, parts, buy costumes, and even change the character's appearance. And to complete the mission, you defy everything. You can toss a few cars blocking you on the road, kick a few others on both roadides, and crash straight into the big wall ahead to cross the shortcut... But don't worry, no one will blame you for such actions. In the world of MadOut2 BigCityOnline, all mistakes are forgiven. You just need to keep trying and moving towards the goal. In Online mode, you can play with up to 100 people on the same map in one turn. The territory in MadOut2 BigCityOnline must be said to be extremely spectacular with a real area of up to 10 square kilometers. And above all, it is completely open. You can go anywhere. Whether you want to run on the road or drive through the wild grasslands or cross into the city, no restrictions or limitations can stop you (as long as you are in the pre-built area). Exciting racing elements You will see many styles and forms of gameplay in the game. In this vast modern open world, you will receive different tasks one by one. Sometimes it's as simple as collecting a few special items, sometimes it's about driving to overcome obstacles, or sometimes it is a combination of the two, using any vehicle on the road to perform a mission in a rather tight given countdown time. And you will encounter other strong drivers who have the same destination on the road. At this point, you must 'fight' by using all your tricks to win. Thanks to high-end graphics, MadOut2 BigCityOnline easily surpassed other racing games and quickly ranked on top in the mobile gaming world. But with it came an inevitable consequence. The game has quite high configuration requirements, at least 2GB of RAM with Android 5.0. And when the setting is maximum, you may experience a slight jerk and lag depending on the current memory status of the device. The game is so good, but you should let its setting be at an average level, not too high, not too low. The game offers more than 40 types of cars belonging to Russian giants such as Nosok, Shaha, Skala... When customizing the car, you can do whatever you want, from adjusting the steering wheel (color, gloss, metallic), car color, to internal controlling parts. You can also adjust both the character's appearance and his weapons. The more you win, the more tasks you complete, the more money you have. With this money, you can buy more advanced, attractive, and powerful upgrades. You can choose freely as long as you have money. Physics simulation Thanks to the element of racing combined with mission activities, MadOut2 BigCityOnline becomes very special, even for first-time players of this genre. One of the big reasons for the racing parts' attraction is the realistic physics simulations. Phases of actions (such as drifting, cornering, fast steering, obstacle overcoming, gaining momentum, falling, rolling, shaking, ...) and deformed parts after collision accidents are all very realistic. These physics simulations are also presented in a variety of ways, many different forms of expression that make the race never cool down. It feels like you are behind the wheel of a real car. Graphics and sound MadOut2 BigCityOnline is designed entirely based on modern Unity 3D technology. The details are made very sophisticated and delicate. Effects of lighting, smoke, shadows, anti-aliasing are all quite good. You won't notice much of a gap between this game and a similar game on the PC platform anymore. Everything has been tweaked smoothly, and I believe it will satisfy you. The sound is also the attraction of this fascinating open world. There are the sounds of crashing, explosions, shattering, and weapon sounds from racing battles along with a host of other detailed simulated sound effects. From time to time, there are police sirens to stop the over-speeding guys. It is such a dynamic and colorful picture. MOD APK version of MadOut2 BigCityOnline MOD features Unlimited Ammo/Unlocked No Ads Download MadOut2 BigCityOnline MOD APK for Android Hey racing game addicts, what are you waiting for now? Download this game right away and have super fun moments! Pengembang berjanji untuk menambahkan pembaruan online berikutnya, tetapi tanpa itu permainan sampai ruang terbuka memiliki sesuatu untuk dilakukan. Kejar mengejar, kemampuan untuk menggunakan senjata, dan banyak aspek lain yang sangat menyenangkan tidak akan membuat siapa pun bosan. Fitur: * Mode Online - hingga 100 pemain di peta * Area nyata besar 10 km2 * Dunia terbuka penuh * Fisika otomatis bagus dengan gangguan * Mobil yang berbeda, lebih dari tipe 40 * Banyak misi berbeda Cara madout2-bigcityonline-v9-6-mod.apk OBB com.MadOut.BIG Zip Jalur cache: SD / Android / obb 10.48 di Android MadOut MadOut2 BigCityOnline adalah proyek lain yang mencoba merebut sepotong kemuliaan untuk GTA, yang, tentu saja, bahkan tidak dekat dengan seri legendaris, tetapi dapat menarik penonton dengan gerakan bebas mengelilingi kota metropolitan virtual, balapan berkecepatan tinggi, tembak-menembak yang mengasyikkan, dan berbagai misi. Kita harus bermain untuk anak laki-laki yang ambisius dan tidak terbebani dengan hati nurani, yang tidak tertarik dengan jalan warga negara yang terhormat... Setelah memulai permainan MadOut2 BigCityOnline, karakter kita segera muncul di jalan, di suatu tempat di pinggiran kota asalnya. Setelah berkeliling di sekitar lingkungan sedikit, kami memilih atau mencuri mobil dan berkendara ke titik di peta, yang melambungkan tugas pertama kami. Ada banyak misi, misalnya, kami mendistribusikan narkoba, melakukan serangan bersenjata, mencuri mobil elit untuk dipesan, melakukan tugas lain - semua ini akan memungkinkan Anda untuk mendapatkan uang pertama, dan Anda bisa mendapatkan mobil cepat untuk mereka, dan persediaan senjata, karena waktu sangat cepat, dan pesaing tidak tertidur. Waktu permainan utama di MadOut2 BigCityOnline dikhususkan untuk berkeliling kota dengan mobil - tersedia lebih dari tiga puluh model, dibuka secara bertahap. Setelah benar-benar bermain-main dalam kampanye cerita, kami mencoba mode multipemain - dalam hal ini, lawannya adalah pemain nyata yang mengendalikan karakter sembrono mereka. Kerugian besar dari kebaruan hanyalah sejumlah besar iklan yang tidak senonoh - itu muncul hampir setiap lima menit, yang secara tidak realistis membuat marah. Selain itu, pemilik perangkat seluler anggaran kemungkinan besar tidak akan dapat bermain - gim ini menuntut karakteristik perangkat secara tidak realistis.
